### TECHNICAL PARAMETERS

### Balcony attachments

Type	DN	Dimensions [mm]				Purpose
		a	b	c	d	
TWB TER	70	114	14	102		Universal terrace attachments for balcony outlets DN 50 and 70.
TWB TER TH	70	118	18	102	270	
TWB TER STE	70	118	18	102	270	

#### How can attachments be universal for various diameters of DN 50 and 70 balcony outlets?

Balcony outlets have a neck or an integrated outlet flange of the same construction and diameter. The outlet construction only differs under the neck. The reason is universality of all the accessories.

#### What attachment type should I use if I have waterproofing screed which is at the level of the neck of the outlet?

For this type of waterproofing you should use a TWB TER TH attachment which can be shortened according to the height of the screed and paving.
